

Scope

Natural Special Cleaner for cleaning and care of oiled and waxed surfaces such as wood, cork, stone, clinker, concrete. Dirt is loosened and gently removed by the gentle cleaning power. At the same time, the surface is cared for and strengthened with the power of vegetable oils.

We recommend **Special Cleaner white** for light types of wood and colourless for all dark woods.

Ingredients

Pure vegetable oils, potash, water, mineral pigments, eucalyptus oil.
Read our full declaration.

Use

Shake well before use!

Normal cleaning:

50 ml / 5 lt water.

In case of heavy soiling:

100 ml cleaner / 5 lt water.

Use for cleaning lukewarm water.

Wipe, mop, brush, cleaning pad (brown) with handle or single-disc machine.

Tip: work with 2 buckets, one for the cleaning solution and a clear water to wash out the mop/cloth.

Oiled surfaces should never be cleaned with a microfibre cloth.

Processing

The frequency of wet cleaning with **Special Cleaner** is based on the pollution. Before wet cleaning vacuuming or sweeping the floor. Mop the floor with as little cleaning solution as possible (damp mist). In case of heavier soiling, brush the floor if necessary and remove with mop/cloth as quickly as possible and wash out in clear water.

Change water several times.

ATTENTION! On wood and parquet floors only work with a damp mist. Avoid standing water on the surface, otherwise damage to the joint area can occur due to swelling of the wood.

Drying

12 – 24 hrs.

Tip! When cleaning, pay attention to the optimal indoor climate (min. 20°C and 65% relative humidity).

Aftercare

Natural Special Cleaner works due to strongly nourishing its composition.

If you need further care, we recommend **Natural Care Wax Oil**, **Natural Parquet Oil** or **Natural TEC OIL 501**.

Specifications

Flash point:	not applicable
Dilution:	Water
Packaging:	980 ml / 5 lt. and large containers

Storage

Cool, dry, frost-free, undiluted, sealed can be stored for 3 -5 years.

Also store natural cleaning and care products **out of the reach of children**. Empty the container completely and recycle it.
