

Scope

Rocky Stone Cleaner for the ongoing cleaning and care of oiled, waxed and polished stones and tiles. Dirt is loosened and gently removed by the gentle cleaning power. At the same time, the surface is cared for and strengthened with the power of natural oils.

Composition

Pure vegetable oils, potash and water. Read our full declaration.

Attachments

Mop, Sponge, brush, cleaning pad (brown) with handle or single-disc machine.

Use

Shake well before use!

Normal cleaning:

50 ml / 5 lt. water

In case of heavy soiling:

100 ml / 5 lt. water

Use lukewarm water to clean.

Processing

Before wet cleaning, vacuum or sweep the floor.

The frequency of wet cleaning with **Rocky Stone Cleaner** depends on the soiling.

In case of heavier soiling work with 2-bucket system. Change the water several times.

Tip

2-bucket system: work with 2 buckets; one for the cleaning solution and one with clean water to wash out the mop/cloth.

Drying

1-2 hours

Aftercare

Rocky Stone Cleaner has a strong nourishing effect due to its composition.

If you need further care indoors, we recommend re-oiling with **Rocky Stone Refresher**.

For optimal results, we

*recommend the **ROCKY STONE CARE** care program:*

Rocky Stone Oil, Rocky Stone Wax, Rocky Stone Refresher, Rocky Stone Cleaner

Durability

Undiluted, sealed and can be stored for 3 years if stored properly.

Storage

Cool, frost-free and well sealed.

Also store natural cleaning and care products out of the reach of children. Empty the container completely and recycle it.

General Information about Natural Naturfarben

Natural Naturfarben are produced in the sense of a holistic approach to the problem of colors and the environment. The raw materials come from a closed ecological cycle and, later as waste, are reintegrated into it without leaving any residue. All ingredients are tested according to building biology criteria and processed into paints and paints using gentle, waste-free technology.
